 transcribed and arranged for guitar 2018, All my work. I remember attempting this back in 2001. And I just gave up. It's not impossible and is reasonably adaptable for the guitar. Just play slowly and accurately, then there will be fluidity, as intended for piano.

- * opto stomp, optical compressor
- * Variax Line 6, 24 fret guitar
- * Electro-Harmonix Key9 Electric Piano** (optional)
